WHO WE ARE

- Founded in 1907
- First and largest scientific organization focused on cancer research
- Over 46,000 members working in basic, translational, and clinical research
- Publish 9 peer-reviewed, authoritative journals covering advances in the causes, diagnosis, treatment, and prevention of cancer
- Journal editors and editorial boards recognized as preeminent in the field

“The mission of the American Association for Cancer Research is to prevent and cure cancer through research, education, communication, and collaboration.”

Margaret Foti, PhD, MD (hc), AACR Chief Executive Officer

SMALL JOURNAL PORTFOLIO, BIG IMPACT

- 4 of the AACR journals rank in the top 25 by Impact Factor in the Oncology category*
- AACR journals represent 3% of all of the journals in the Oncology category but receive 14% of all citations worldwide*
- Cancer Discovery ranks 6th in the Oncology category, with its fifth Impact Factor of 29.497*

*According to Clarivate Web of Science Journal Citation Reports™ (JCR) 2020.

NEW JOURNAL LAUNCHED IN 2020

BLOOD CANCER DISCOVERY

A New Journal from the AACR

Blood Cancer Discovery provides a critical outlet for high-impact basic, translational, and clinical research on all disease subtypes of leukemia, lymphoma, myeloma, and associated diseases.

For more information regarding Blood Cancer Discovery, please go to AACRJournals.org/BCD
STATE OF THE ART SEARCH & DISCOVERY, AVAILABLE ANYTIME, ANYWHERE

- Available via HighWire Press since 2001
- Altmetric Badges: Understand the online impact of journal articles by viewing the Altmetric Attention Score
- Easy to use interface enhancing readability and navigation
- Mobile-optimized interface providing full-text readability on the go
- Produce complete results with one seamless search using the cross-journal search feature
- Determine which articles to explore further with an instant abstract preview on the search results page

A SOLID INVESTMENT YIELDING RESEARCH SUCCESS

- Track your institution’s usage via COUNTER-compliant usage reports generated at your request
- Added-value archival package includes back to volume 1, issue 1 for each journal
- Available anytime, anywhere at the point of need via desktop, tablet, and other mobile devices

PURCHASE OPTIONS

**AACR Journals Suite**
Licensed* access to all journals in the portfolio

**Blood Cancer Discovery**
Features high-impact, peer-reviewed articles describing major advances in basic, translational, and clinical research on all subtypes of leukemia, lymphoma, myeloma, and associated diseases

**Cancer Discovery**
The essential information source to serve the diverse professional community in cancer science and medicine

**Cancer Epidemiology, Biomarkers & Prevention**
Translating science to populations

**Cancer Immunology Research**
Illuminating the interplay of cancer and the immune system

**Cancer Prevention Research**
The forefront of prevention science

**Cancer Research**
Driving innovation to prevent and cure cancer

**Clinical Cancer Research**
Clinical and translational research bridging the laboratory and the clinic

**Molecular Cancer Research**
Defining the molecular basis of malignancy and progression

**Molecular Cancer Therapeutics**
The journal of cancer drug discovery and preclinical development

**Other Options**
- **Combo** Licensed* access to **Cancer Research** and **Clinical Cancer Research**
- **Combo +1** Licensed* access to **Cancer Research, Clinical Cancer Research, and one other journal**
- **Combo +2** Licensed* access to **Cancer Research, Clinical Cancer Research, and two other journals**

*All licenses have print purchase options. Contact sales for details.
